TELSTAR JAZZ BAND WINNER IN STATE DIV. III COMPETITION

On Saturday, March 27, the Telstar Regional High School "Swing-in" Rebel Jazz Band scored the highest possible mark of 1 in the 9:45 a.m. performance in Millisocket. Along with this score and the job well done in the sight reading category, Telstar qualified for the Division 3 State Competition to take place that night in the Stearns High School gymnasium.

In the judged sight reading section of the competition, Telstar was given "That Old Black Magic" to play. The sight reading was shaky but the judge commented in the end that the 15 man band "hung in all the way." After they were

HISTORICAL SOCIETY TO MEET APRIL 1 (THURSDAY)

The monthly meeting of the Bethel Historical Society will be held this evening (Thursday, April 1) in the meeting room of the Dr. Moses Mason House. The program will focus on the history of Park Street and will also include a film on the cultural history of the White Mountains.

FROM THE bethel town office

Early signs of welcome spring are evident; melting snows are revealing dormant fields and banks; our Highway Department crews are beginning the removal of salt and sand from our streets and sidewalks; and all committees, boards and activities are preparing their plans for the summer. All indications are that this will be a busy season. The purpose of this column will be to inform you about issues and developments as they affect us and our town.

The Selectmen met in a special session at the Town office on Monday evening. The following appointments were made for 1982: Robert Stearns, Police Chief; Philip Coolidge, special police officer; Warren Bouchard, special police officer; Arnel Brown, special police officer; Joseph Baker, Mary Brown and Joyce Stearns, Constables. Previously made appointments as Ballot Clerks were also signed by the Board.

The Town Manager, as directed by the Board of Selectmen, is in the process of contacting present board and committee members whose terms expire this year to see if they desire to continue in continued on Page Four

M. S. A. D. #44 Directors' Meeting

The Board of Directors of S. A. D. #44 met in regular session at the Telstar Library on Monday evening of this week.

As this was the first meeting of the Board following completion of the annual elections in the member towns of the District the initial item of business was the election of a chairman and vice-chairman for the ensuing year. Eva Twitchell of Woodstock and Lloyd Carver of Bethel, were re-elected as chairman and vice-chairman respectively.

Telstar Middle School students Tracy Fudge and Allison Chapman requested that the Board seriously consider the implementation of a track program at the Middle School.

The Directors approved Edith J. Fleet and Jeffrey Fleet of Newry as substitute bus drivers. Cynthia Bean of Woodstock was appointed as a bus driver to replace Nicole Merrill, who recently resigned.

The following were approved as additions to the substitute teacher list: Ann M. Bishop, Andover; Herbert Coolidge, Bethel; and Howard A. Whitten, Andover.

The Board approved the workbook, including educational specifications, for the proposed new elementary school in Woodstock. This approval will permit the Department of Educational and Cultural Services, Division of Facilities, in the near future, Roy Nisbett of the D. E. C. S. Division of Facilities; Phil Rea, the District architect; a representative from the Bureau of Public Improvement; and Dr. Wayne Gersen, Superintendent of Schools, are to carefully review the workbook and determine the cost and architectural parameters of the continued on Page Four

NEWS FROM THE
CHAMBER OF COMMERCE

This Thursday, March 25, the chamber of commerce will be represented at the first of a number of public meetings scheduled to take place throughout Maine on the subject of "theming" Maine's tourism regions. The program is sponsored by the Maine State Development Office and the Department of Transportation. Two consulting firms have prepared a background study for this subject; copies have been sent to local chambers of commerce and to most town governments. This meeting will be in Rangeley at the Rangeley Inn.

The purpose of this project is to improve the marketing of Maine tourism in a way that will increase the amount of vacation travel to the inland areas of the state.

For the last four years, the Bethel chamber has used the theme of "Bethel in the western mountains" as an image producing device. Now the state is proposing to call the area of Rangeley, Sugarloaf, Bethel, Norway/South Paris and Rumford, the Western Lakes and Mountains Region. Also proposed is a slogan of "Four Seasons of Outdoor Recreation."

One aspect of the state's appeal is, in the opinion of this chamber, given too little emphasis. Sightseeing and quiet relaxation rank near the top as reasons why people come to vacation in Maine. Therefore, this aspect of promotion will be proposed by the Bethel delegation to Thursday's meeting in Rangeley.

Finally, for this week, another new business in the Bethel area is about to open: D. W. McKee's, a new restaurant, lounge and lodging on the Sunday River Skiway access road. The building's interior appearance is superb—hope the food matches the looks.

FROM THE TOWN OFFICE

board or committee is of vital importance. Not only is your voice heard in developing policy and solving problems, but occasionally you may be called upon to represent Bethel citizens and interests in county and state issues.

As you read this, the Community Development Advisory Committee will have met twice to discuss strategies to compete for available block grant money to complete worthy town projects. The Community Block Grant (CDBG) program has existed for six years and has been administered in this area by the New Hampshire office of the Department of Housing and Urban Development. However, this year CDBG is one of nine federal block grants (\$10 million) being administered by the State of Maine. Of this grant, \$5.7 million is available on a competitive basis where projects would show fulfillment of one or more of the following objectives: the provision of decent, affordable housing for low and moderate income residents; the creation of quality jobs/opportunities for low and moderate income residents; or, the revitalization of deteriorated residential and business districts. The Committee has narrowed the field of worthy projects to two or three that would be competitive on a state-wide basis, and, because of the short deadline, are meeting often to develop a grant application.

The Tree Growth Tax Law continues to spark controversy. Contrary to some earlier reports, however, the Maine Attorney General's Office has issued a legal opinion that states, in effect, that

"INSTANT PEDIATRICS"

COURSE TO START MARCH 31

The Bethel Area Health Center and the S.A.D. 44 Adult and Community Education program will again be sponsoring the course on child care entitled "Instant Pediatrics" beginning March 31 at Telstar Regional High School. The focus of the course recognizes that most health care for children is provided by playpersons: parents, grandparents, teachers or day care workers and attempts to provide those enrolled with the know-

ledge and skills necessary to deal with many of the common problems of childhood. The course consists of six two-hour sessions and combines lecture, demonstration, audio-visuals, role-playing and clinical skills practice.

The course was developed and is coordinated by Mary Ann O'Connor and is offered as a combined project of the Bethel Area Health Center and S.A.D. 44 Adult and Community Education Program. Guest instructors from the B.A.H.C., the B.E.A.R.S. and the Child Health Center in Norway also participate. Some of the topics covered during the weekly sessions include: infectious diseases; emergencies; common injuries; and growth and development. Persons interested in enrolling in the course should contact S.A.D. 44 Adult and Community Education at 824-2136.

Folk Concert at
Gould, April 5

On Monday, April 5, at 7:30 p. m., Sandy and Caroline Paton will present a concert of folk music and ballads in Gould Academy's Bingham Hall Auditorium which will be open to the public free of charge.

Sandy and Caroline Paton have travelled throughout the United States, Canada, and the British Isles in search of folk songs and ballads. Their vast repertoire derives from the traditional music of the entire English-speaking world. Behind almost every song is a fascinating story relating how, from whom, and where that song was discovered. One may be a lively banjo tune learned from an ex-odeo-rider in Oklahoma, another a plaintive lament obtained from a North Carolina mountain man, or a rare ballad collected from an Irish grandmother in the Adirondacks or from a travelling "tinker" with whom they camped in the Scottish Highlands.

These, then, are the songs of our history, of the early settlers, the later immigrants, songs of sailors, loggers, miners, cowboys, of migrant farm-workers and, in hard times, of migrant non-work-

ers. The concerns of our people, their aspirations, their anxieties, their joys and their sorrows, are expressed in the songs they have either created or preserved and we can learn much about ourselves by listening to them.

In 1961, together with Lee Hagerty, Sandy and Caroline founded Folk-Legacy Records, Inc., a company devoted to making the best of our traditional music available to the general public. To date, they have issued over 80 albums of folk music and tales and are currently working on several more. These recordings are distributed nationally and many are used in classes at colleges offering courses in folklore. They operate the company out of their home, a remodeled barn on a rural hillside in Sharon, Conn.

They have presented concerts at colleges and universities throughout the country, from the University of Maine to the Universities of California. They have performed in hundreds of public and private schools. Their enthusiasm, their obvious love for the songs they sing, and their easy rapport with audiences of all ages are key factors in their success. Their music is gentle, their style informal, but their scholarship is precise. The material used in this program is carefully selected to illustrate the various types of songs that make up our musical heritage.

The Old Man Comes Home

This is a song I wrote about a friend of mine
You see he's a city fella but his heart's
Up here in Maine
And anytime he can come on home
Suits him just fine
He keeps telling me that life in the city
Can drive a man insane.

Song goes something like this.
The whippoorwill is calling and the lake is
Smooth as glass
Sitting on his porch he gazes at the dying day
And reflects on mirrored images of thoughts
That he's lived.

The old man has come home to stay
The old man has come home to stay
Well I've known the gentleman for
Oh going on five years now
And every time I see him I think
Of the times
When my days were full of lonely
Nights
And beer stains on my shirt
But knowing him and the things
he's seen
Has changed my life.

It's for him I made this tune.

BETHEL HISTORICAL SOCIETY
ACQUIRES MICROFILM COPY
OF "AMONG THE CLOUDS"

Through the generosity of an anonymous donor, the Bethel Historical Society has acquired microfilm copies of all the known issues of "Among the Clouds," the famous daily newspaper established on the summit of New England's highest mountain, Mount Washington. Issued by the Dartmouth College Library this edition will serve as a valuable primary resource for the study of the people and events of the White Mountain region. Founded in 1877, as Mount Washington's daily newspaper, the paper continued every summer for 31 years from the summit and later for eight years from the Base Station. Here is chronicled the events of the White Mountain region and listed the names of the numerous visitors (many of them highly distinguished ones) who ascended the mountain, travelling up its slopes by foot, on the famous cog railroad or by the carriage road.

President Rutherford B. Hayes considered the printing office of "Among the Clouds" the highest newspaper office he had ever seen. He made that observation to founder Henry M. Burt who until his death in 1899 continued as editor.

It soon became evident that visitors to the summit enjoyed seeing an announcement of their arrival in print. In response to this wish, Burt began to issue two editions, the first being sent down the mountain for distribution to newsmen and subscribers. Arrivals at the top were asked to register at the Summit House, and their names were rushed into print, the later editions being ready for them to carry with them when they departed on the afternoon train.

Gilles Viens plowed out the driveway at Grammie's and the Bergersons spent the week end there.

Spring arrived midst a spell of mild melting weather with snow cover settling and disappearing but Sunday afternoon brought several inches of sap snow.

The Largeesse family went to Ohio for several days vacation.

Roger Lavalley bagged three 8 1/2 inch brown trout from the Androscoggin River recently.

Mid-week services will begin April 8 with Pastor Andy Torbett conducting the one for adults and Pastor Sharon Torbett a class for teenagers.

I have wondered why small towns are often referred to as "sleepy" and one day while reading The Bethel Citizen I realized, why. There are so many places to go and things to do, so many classes, hearings, meetings, suppers, parties, clubs, workshops and other activities that one cannot possibly indulge in half. Added to that are the necessities such as earning a living and personal care and there is little time left for sleep.

The collection is available to researchers during regular hours each week day from nine to five and by appointment. For further information, please call the Society at 824-2908 or write P. O. Box 12, Bethel, Maine 04217.

SPELLING BEE WINNER

Keith Clanton was winner of the S.A.D. 44 Spelling Bee Tuesday afternoon at the Telstar Regional High School Auditorium. Keith, son of Mr. and Mrs. Norman Clanton of Bethel, is a 7th grader at the Telstar Middle School.

House, the newspaper office was thrice struck by lightning, one of which occasions the editor himself was seriously injured. Burt, continued, however, to operate "Among the Clouds" for 16 years, and he was succeeded by his son Frank. The younger Burt published and edited the paper until the printing plant was destroyed by fire in 1908. The venture languished until revived in 1910 by Reginald M. Buckler, a former worker at the press who set up shop at the Base Station and continued "Among the Clouds" until its final closure in 1917.

No one file now in existence appears to have the complete run of this famous newspaper. The present microfilm edition represents the combined resources of the Gorham, N. H., Public Library, the New Hampshire Historical Society, the Appalachian Mountain Club, Northeastern University Library, Dartmouth College Library and the private collections of Douglas A. Philbrook, of Gorham, N. H., and Wheaton A. Holden of Millis, Mass.

"The addition of this newspaper to the six regional ones already available in the Society's Eva Bean Research Room strengthens our position as the leading research facility in this area for materials on Oxford County and the White Mountains," says Society Director Dr. Stanley R. Howe. "In addition, the Society archives contain a wealth of resources in the form of manuscripts, diaries, letters, account ledgers, photographs and rare books relating to the history of the Western Maine area," he continued.

The collection is available to researchers during regular hours each week day from nine to five and by appointment. For further information, please call the Society at 824-2908 or write P. O. Box 12, Bethel, Maine 04217.

FROM THE

bethel town office

Early signs of welcome spring are evident; melting snows are revealing dormant fields and banks; our Highway Department crews are beginning the removal of salt and sand from our streets and sidewalks; and all committees, boards and activities are preparing their plans for the summer. All indications are that this will be a busy season. The purpose of this column will be to inform you about issues and developments as they affect us and our town.

The Selectmen met in a special session at the Town office on Monday evening. The following appointments were made for 1982: Robert Stearns, Police Chief; Philip Coolidge, special police officer; Warren Bouchard, special police officer; Joseph Baker, Mary Brown and Joyce Stearns, Constables. Previously made appointments as Ballot Clerks were also signed by the Board.

The Town Manager, as directed by the Board of Selectmen, is in the process of contacting present board and committee members whose terms expire this year to see if they desire to continue in

Directors' Meeting

The Board of Directors of S. A. D. 44 met in regular session at the Telstar Library on Monday evening of this week.

As this was the first meeting of the Board following completion of the annual elections in the member towns of the District the initial item of business was the election of a chairman and vice-chairman for the ensuing year. Eva Twitchell of Woodstock and Lloyd Carver of Bethel, were re-elected as chairman and vice-chairman respectively.

Telstar Middle School students Tracy Fudge and Allison Chapman requested that the Board seriously consider the implementation of a track program at the Middle School.

The Directors approved Edith J. Fleet and Jeffrey Fleet of Newry as substitute bus drivers. Cynthia Bean of Woodstock was appointed as a bus driver to replace Nicole Merrill, who recently resigned.

The following were approved as additions to the substitute teacher list: Ann M. Bishop, Andover; Herbert Coolidge, Bethel; and Howard A. Whitten, Andover.

The Board approved the workbook, including educational specifications, for the proposed new elementary school in Woodstock. This approval will permit the workbook to be submitted to the Department of Educational and Cultural Services, Division of Facilities. In the near future, Roy Nisbett of the D. E. C. S. Division of Facilities; Phil Rea, the District architect; a representative from the Bureau of Public Improvement; and Dr. Wayne Gersen, Superintendent of Schools, are to carefully review the workbook and determine the cost and architectural parameters of the

UNITED STATES OF AMERICA FEDERAL ENERGY REGULATORY COMMISSION International Paper Company, Inc.

Project No. 2375-001 NOTICE OF APPLICATION FOR AMENDMENT OF LICENSE (March 11, 1982)

Take notice that on February 25, 1982, International Paper Company (Licensee) filed an application pursuant to the Federal Power Act, 16 U.S.C. §791(a) - §825 (r) for amendment of its license for the Otis-Livermore Project No. 2375 located on the Androscoggin River near the towns of Jay, Chisholm and Livermore Falls, in Oxford, Franklin and Androscoggin Counties, Maine. Correspondence with the Applicant should be directed to: Mr. Charles F. Ritz, Kleinschmidt and Consulting Engineers, 75 Main Street, Pittsfield, Maine 04976-0076, Telephone (207) 487-3328.

Licensee proposes changes to its Jay, Otis and Livermore Falls Powerplants to more fully utilize the available flows of the Androscoggin River as follows:

(A) The existing Jay Power Plant would undergo an intensive rehabilitation of the existing gates, turbines, generators and the forebay and tailrace would be dredged of accumulated debris. In addition, the existing sixth turbine, presently inoperative, would be connected to a rebuilt 500 kW generator, thus increasing the total rated capacity at the Jay Facility to 3 MW.

(B) The existing Otis Power Plant located on the east bank of the river will be decommissioned and the powerhouse gates and intake will be permanently sealed. The existing forebay gates will be maintained as part of the James River Mill process water system. A new powerhouse would be constructed on the west bank of the river including a new intake, trash racks, headgates, two new turbine-generators with a total rated capacity of 10 MW, a 90-foot wide, 300-foot long tailrace and a new adjacent substation.

(C) The existing Livermore Power Plant located on the east bank of the river would be demolished. A new powerhouse would be constructed in its place utilizing the existing forebay, which will be dredged of accumulated debris, and would include new headworks, trash racks, and two new turbine-generators with a total rated capacity of 12.5 MW. The existing tailrace would be dredged and excavated to accommodate the larger turbines and the existing 800-foot long training wall would be reshaped and rip-rapped. A new substation would also be constructed.

A new 3.3-mile long, 13.8-kV transmission line would be constructed between the Jay Power and Otis Power Plants and the James River and Androscoggin Paper Mills along the existing right-of-way. The redevelopment of the three powerplants would result in an increase in total output from 41,300,000 kWh to 55,200,000 kWh annually. The project would continue to operate run-of-the-river and no change is proposed to the existing impoundment levels or dam heights.

Anyone desiring to be heard or make any protests about this application should file a petition to intervene or a protest with the Commission, in accordance with the requirements of its Rules of Practice and Procedure, 18 C.F.R. §1.8 or §1.10 (1980).

Comments not in the nature of a protest may also be submitted by conforming to the procedures specified in §1.10 for protests. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but a person who merely files a protest or comments does not become a party to the proceeding. To become a party, or to participate in any hearing, a person must file a petition to intervene in accordance with the Commission's Rules. Any comments, protest, or petition to intervene must be received on or before May 3, 1982. The Commission's address is 825 North Capitol Street, N.E., Washington, D. C. 20426. The Application is on file with the Commission and is available for public inspection.

March is on its last legs and even though the calendar says it is spring our weather hasn't been too springlike. We did have a lovely day Thursday after the fog lifted. Friday we not only had the fog but it also rained. Saturday morning our temperature was 16° with brisk winds. Frank and I went down to the folks, Mr. and Mrs. George Allen, for dinner and an afternoon of 63. My brother Danny, Shirli and Jacob came in for a short visit. Coming through Albany we ran into quite a lot of swirling snow. Then Sunday it was down to zero and one couple told me that they had had no water problems all winter and Sunday morning it had caught. They wind also blew during the day. This morning it is only 6° and feels chilly. Maybe by April Fool's Day we will have a good taste of spring. Ira called from Yuma, Arizona, and we talked to Jim and Sue in North Reading, Mass., Sunday. Of course, neither place has snow and Ira was surprised at how much we still had.

Mr. and Mrs. Bill Williams had this son, Ted Williams, Cindy and two children of Westbrook, for the day Saturday.

Friday, Mr. and Mrs. Bill Williams went to Augusta, where they went through the Augusta museum and had their dinner.

Frank went to the Legion oyster stew supper at the hall Wednesday night. The slides shown of Alaska were by one of our neighbors when we lived in West Paris.

Mary Beth Hannon, daughter of Mr. and Mrs. Daniel Hannon, brought the fifth grade rabbit, Thunderball, home over the week end. This is Mrs. Wheeler's grade and children take turns taking it home to care for week ends.

Betsy and Justin Shimamura spent the week end with Mr. and Mrs. Joe Shimamura while Bill fauled firewood.

Mr. and Mrs. Kerry Smith and Danny, Kingston, N. H., were Sunday visitors of his folks, Mr. and Mrs. Homer Smith and family.

Doug, Didi, and Adam Smith were Saturday afternoon and Sunday visitors of his folks, Mr. and Mrs. Homer Smith.

Dr. and Mrs. Leonard Shaw went to the Auburn Mall Saturday to see "On Golden Pond." Mr. and Mrs. Robert Keniston stayed with the twins.

Evelyn Hilborn and friends and her dog Toby took a trip to Vermont last week. They went to Stowe via highway 15 and stopped at Cabbot Cheese to pick up cheeses and maple syrup. They had their dinner in Vermont. Another day Alberta Angevine and Evelyn went to North Conway, N. H., for lunch and shopping. Another day Evelyn, Bertha Flanders, Locke Mills, Frances Farnum, Bryant Pond, went to Norway shopping and had lunch.

Mr. and Mrs. Charles Mason Jr. went for his regular check up at Tugus, the 23rd. They also visited their daughter, Terry Blake, and granddaughter Beth in Augusta.

Pat Anderson went to a Women's Breakfast at Mexico sponsored by Faith Bible Church of Rumford Corner.

Ida Chapman and Macki went to the Ledgeview nursing home last week and visited Mildred Chapman, and found that she had a bad cold. Mildred had, however received a beautiful bouquet of daffodils from her granddaughter, Jean Cogdillo, daughter of Arthur Chapman.

Macki, Vince, Nick Chapman, Ada Balentine, and Sylvia Gould left March 19th and returned the 24th to Mr. and Mrs. Phillip Cummings in Roselle Park, N. J. Sunday they had a family get-together: Macki's brother and wife, Mr. and Mrs. Buddy Conner and Rhonda, sister, Debbie and John Swick and two children; also Mr. and Mrs. Sonny Cummings, Bruce, Rachel, her husband and two children. (Sonny Cummings and family at one time lived in the Bills place.) They all had Sunday dinner at Mr. and Mrs. Phillip Cummings. While there they drove into Philadelphia, Pa., and went to the historical sites. They also went shopping at the malls.

Mrs. Sylvia Benson went to Hebron to visit her mother, Mrs. Alice Foss, and spent the day Friday. Mr. and Mrs. Frank Benson went to Poland and visited Mr. and Mrs. Bradley Benson. They came back to South Paris to have their supper. Saturday, Davis, Sharon and Anita Kimball came

Palm Sunday

They cut the branches from the trees

And strewn them in the way, Because they knew their Lord and King

Would come along that day. They sang Hosanna to the King, And praised His holy name; Now even in this modern day, We, too, should do the same.

The Christ who came that palm-strewn way

To enter in the gate, Will enter in your heart today, So do not make Him wait.

That palm-strewn path of long ago Is still a victory sign, That Christ still comes along the way

Into your heart and mine.

VOLLEYBALL LEAGUE PLAY NEARING SEASON'S END

The S.A.D. 44 Adult and Community Education Co-Ed Volleyball League finished the third week of regular season play on Wednesday night, March 24, with dramatic upsets in team standings, leaving the Castaways in first place with a record of 5-1. Winning both their matches on Wednesday night, the Castaways knocked the previously undefeated Wild Bunch out of first place, as the Wild Bunch were upset by the Bethel Spikers and the Eagles.

The Eagles, who had no prior victories in the league, capped a highly successful evening by defeating both the Wild Bunch and the Spikers at the Telstar High School gym. In league play at Gould Academy's Bingham Gym, the Castaways moved into first place by beating Katlin's Crew and the Mudslingers, who then went down to defeat at the hands of Katlin's Crew. The Wild Bunch is in second place with a record of 4-2, followed by the Spikers and Katlin's Crew tied at 3-3. The Eagles have moved into fifth place, at 2-4, leaving the Mudslingers in the cellar at 1-5.

There is one more week of regular play, before a Round Robin play off at Telstar on April 14. The Eagles, a team featuring seven members whose last names are Howe, played at Gould, playing Katlin's Crew and the Spikers. All three teams have been working hard to move up in the standings,

Letters to the Editor

March 24, 1982
Dear Parents and Friends:

On March 13, 1982, 22,250 labels were sent to the Campbell's Labels for Education Program. The children of the Bethel Bible School achieved their goal!

The following items have been ordered, and should arrive before the close of school. Two Speak and Spell modules; two Speak and Read modules; and one Speak and Math module. This is a total value of \$222.50 worth of equipment for E.B.S.

E.B.S. has participated in the Program since it started nine years ago. A total of 111,350 labels have been sent in. This is \$1,113.50 worth of books and equipment for the school.

Our thanks to the many people who helped us reach our goal. Labels were sent from all over the United States, the State of Maine and M.S.A.D. 44. I cannot begin to thank all our friends who left labels in the collection boxes.

Our appreciation goes to the following: Glidden's IGA, Casco Bank, Bethel Savings Bank, Bethel Post Office, Locke Mills Country Store and Telstar Regional High School for allowing us to place collection boxes in these places. Also thanks to Elaine Hutchins, Evanna Grover and Roberta Morin for their assistance.

Again, our gratitude to all parents, friends and especially the children for donations, large and small.

Remember, keep saving those labels. We have already started collecting for next year.

Sincerely,

Walking With Jesus Christ

Bags packed ready for the trip—change cards, travelers checks and umbrella—good byes and away we go! That's all it takes to travel to far off places.

Some of us haven't traveled very much, but at least we packed for a trip to the coast or for that matter to Screw Anger Falls—in any case some preparation had to be made.

As you may have already guessed, there is a trip—one way only, that all of us will make—soon or later, all reservations and tickets are ready. There is absolutely no preparation necessary to go to the "outer" place, hell—where Satan has a permanent reservation—a residence prepared for him. Preparation of only one kind is necessary for entering that "utopia" referred to in the Bible as heaven—a literal city—a place, John 14: 2, 3.

Of course there are ever so many folk—and children too—that do not believe in heaven or hell—and for that matter tolerate Easter—because of the Easter bunny. However as there truly are such places as mentioned—the question is: do we love our children enough to consider the Holy Bible and learn what Easter is really about? We cuddle our little ones—do nice things and spend lots and lots of time with them—often foregoing our own pleasures. Yet, in the past we just haven't had the time, desire or patience to pick up the Bible and read it—can't focus our attention to what it offers—the way to heaven.

Now, heaven should be our goal the pleasures for evermore; the trip there makes life worth living now! And the way is Jesus Christ—"I am the way and the truth and the life." John 14:6.

You may ask—why so much trouble and sickness, why does God let these things happen? Well, once all was beautiful—no problems when man and woman loved God—but we have turned away from Him—then troubles began and it still goes on and seems to get worse, day by day.

God, through his son, Jesus Christ, can give us peace in our hearts—life will be sweeter. He will put us on the right road—if we let him. He will direct our lives—you see. He has a plan for each of us. It all depends upon how much we love ourselves and our children. "Let the little children come to me, and do not hinder them, for the kingdom of heaven belongs to such as these." Matthew 19:14.

God calls grown ups "children"—when they belong to him!

proposed Woodstock project. The next priority item on the project is the selection of a site.

Dr. Gersen reported that parents of several incoming kindergarten students have expressed a desire to have the kindergarten program offered on a full-day, every-other-day basis instead of the current half-day, every day basis. Some units in Maine utilize this type of scheduling with some degree of success. Dr. Gersen plans to discuss this with his Administrative Council and has asked the Teaching Principals to review the idea with their Parent Advisory Councils. Also at the Kindergarten screenings held this week a questionnaire was distributed asking parents of incoming kindergartners for their reaction.

Board member absent Monday evening: Kay Chadbourne, Bethel. The next meeting of the S.A.D. 44 board is scheduled for Monday evening, April 5, at the Andover Elementary School at 7:30.

The Community Development Citizens Advisory Committee, reported on in last week's column, held its second meeting on March 24, to narrow the field of worthy projects that would be eligible to compete for State administered block grant money. Two sewer projects and one water project comprise the three most eligible. Specific engineering questions pertaining to each project were formulated by the Committee and directed to competent individuals and agencies for answers by April 7. At a meeting to be held at 7 p.m. in the Town Office on that date, the Committee will meet to consider the additional data and select the most competitive project upon which to develop a grant application.

Residents should note that the ban on all-night parking on-street parking was lifted as of Thursday, April 1. However, if there is an additional spring snowfall, it would be appreciated if residents would park vehicles off the road to assist with snow removal activities.

NEWS FROM THE CHAMBER OF COMMERCE

This week the chamber is pleased to welcome another new member to its association, Jack Chapman of Bethel.

Last Thursday, approximately 60 interested members of the tourist industry, five of whom were from Bethel, attended a meeting in Rangeley sponsored by the State Development Office. The purpose of the meeting was to air a proposed Maine tourism marketing plan. Those present expressed general agreement with the plan which envisions dividing the state into tourist vacation regions.

During the Rangeley meeting, outcomes of a study of tourism in Maine were presented by the consultant responsible for the state's marketing plan. Some of the significant findings included the following survey results:

Forty percent of the people coming to Maine do so based on information and recommendations from family and friends. Eleven percent get their information from auto clubs.

While in Maine on vacation the largest percentage of visitors get information about what to do and where to go from their respective innkeepers. The second most used source of information is the tourist information center. This finding, like the others, came from survey data.

Next Tuesday the chamber's board of directors will meet for their monthly meeting at the Casco Bank's meeting room at 8 a.m. Any member or prospective member is invited.

Sp.4 LOWE AWARDED

ARMY COMMENDATION MTDL

Sp.4 Alan T. Lowe, son of Mr. and Mrs. Robert J. Lowe, Bethel, Maine, who has been stationed in Korea for the past two years, recently was awarded the Army Commendation Medal with Oak Leaf Cluster for Meritorious Service as Motor Transport Operator, 21st Transportation Company from April '81 to March '82. "His marked ability, energetic approach and intense loyalty inspired the confidence of his superiors and provided a worthy example for his contemporaries. His talents, discipline of energy, enthusiasm and sincere devotion to duty earned him respect of all his associates. Specialist Four Lowe's meritorious performance of duty is in keeping with the finest traditions of the Military Service and reflects great credit upon him, this Command, and the United States Army." Signed - Gen. John Wickham Jr., Commander USFK/US SA.

Sp.4 Lowe also received the Army Achievement Medal accompanied with the following narrative: "Specialist Four Alan T. Lowe, has distinguished himself through his truly outstanding performance of duties while assigned as a Motor Transport Operator, 21st Transportation Company (CAR). Specialist Lowe surpassed his peers by attaining the maximum possible score of 100 during the 1981 Skill Qualification Test. His mastery of the skill component, hands-on, job-site component indicate his preparedness to be combat-effective. By maintaining this high state of proficiency through knowledge and skill he has mastered all critical tasks in his military occupational specialty. Many long hours of study and a thorough knowledge of technical skills have resulted in Specialist Lowe's outstanding

achievement. This knowledge and technical expertise, added to his outstanding military bearing and dedication on duty will contribute greatly to this unit's ability to accomplish its mission. His 'Can Do' attitude has set the example for others to follow. Although he is junior in grade, Specialist Lowe has played a major role in the technical training of his peers. The positive impact of his achievement will benefit the Army and this command for many years."

plays, stamping feet and constant movement are seen in each member of the band, showing the enjoyment.

The Telstar Jazz Band is like a family and when asked about this, the guitarist Mike Parker stated, "we 'are' a family and we love each other."

In the afternoon, Telstar listened to the other bands from divisions 1 and 2. Three groups from each division were chosen for the final competition that night, each having 10 minutes to perform their selections. Telstar played "Getting Straight", "Lady", and "Sing Sing Sing". On account of the time limit Sean Kersey's bass solo was cut, but only in the night performance. John Schachter, first trumpet, really showed fire in his solo in "Getting Straight". The crowd went ecstatic. Tim Kersey's saxophone solo flowed extremely smooth and the crowd again was on their feet. Roddy Royer on drums, with his own style, put the audience on the edge of their seats. Comments from one judge read, "Rod Royer's drum solo - Gene Krupa lives!!!" The overall performance of all band members was not to be out-done.

Telstar got a standing ovation after their showing. The crowd was with them all the way as was Mr. Hefley when he ended their concert with the motions of a champion. Tension grew out in the hall while the scores were being tallied, and a few happy tears were seen.

The band entered the gym to hear the results. Third and second place winners received their plaques, leaving first place to Telstar. Mr. Hefley, John Schachter, and Tim Kersey represented Telstar in receiving the award, and held it up to the crowd and got in return excited applause with a few jumping up and down in the bleachers. The group deserved every bit of recognition they received.

The "Swingin'" band went up to their room and the tears of joy streamed down many happy faces. Mr. Hefley told the band that he loved them, with extreme happiness said "I think you're numero uno."

Greenwood City

— Mrs. Colista Morgan, Corres. —

This has been a strange week weatherwise. Days of sunshine, warmth, snow and rain.

At this time in Maine the method of ridding oneself of Cabin Fever is to find something out of the ordinary to do. One thing I did was search for partridge tracks. Last fall I always flushed them and it occurred to me that I hadn't seen any lately. So I chose to look around on one nice day. At first I looped my familiar trails with no luck. Then I decided to choose a more secluded area among the evergreens. As I walked on I was just noticing how different this section felt, when I saw my first tracks; a neat chain of them, three feet forward and one back; one foot placed exactly in front of the other. I continued on into this more secluded spot. Now, a startling boom, as two zoomed away. I had discovered what I had hoped to find. The previous nuisance snow had helped me accomplish my mission.

Following my tracks back I had another surprise. My foot steps in sunny places, down the hill, stood out gray, imprinted in the snow. I leaned down to take a closer look and sure enough it was what I thought, springtails, also known as snow fleas. "Snow" because that's where we see them and "flea" because their sudden leap resembles that of cat or dog fleas, which are parasites. The springtail isn't. My gray pepper tracks were a sea of motion. Springtail has a stiff hairlike projection that can be folded, under tension, and locked in place beneath it. When it is released suddenly, the snow flea is catapulted into the air. There was plenty of action here.

That day I thought the depth of our cold was over. The surface snow melted and evaporated into the air. The moving air absorbed the moisture and carried it away. On Friday a dripping rain reminded me of April. A telephone call came from a neighbor to bring me my third adventure. "Have you noticed the flock of geese on the ice, well down my way?"

"I hadn't but took my binoculars, hurried into my boots in 10 minutes, and was off down the road. I counted 14 of them.

Geese! Spring! In this mist and rain, was my first thought.

They stayed for some time there on the pond, but no open water. Resting, I suppose.

Then what? Saturday back to winter again, dullness written all over it. The temperature stayed near twenty degrees with no climbing all day. The wind howled and even my windmill woodchopper had the winter blues and refused to chop his wood. I later found he had a tangled string which the squirrel had dropped.

The sparrows are here and one lonely robin, so there is hope isn't there?

Elita Morris entertained the Club Eight at her home on Thursday afternoon. Helen Chojnacki carried home the gift.

Visitors at the Hayes Homestead were: Verna Libby, Falmouth; Ardell and Betty Hayes, Auburn; Glenn and Kerry Hayes, Gray.

We visited Carroll Nottage, South Paris, on Sunday.

Dale and Marcia Mills, Shapleigh, called on us and on Frank and Dot Curtis, Friday.

Ann Holt took her father and mother to Boston to see the eye specialist on Tuesday. They called on Gladys Homans before coming home. Gladys lived here many summers. It was nice to have first hand news from her, as we had not seen her since her bad accident.

Mr. and Mrs. Ralph Leeper and Joe Salisbury, North Kings town, R. 1, were at Leeper's cottage for the week end.

Trish Black and son and her brother and Walker Curtis Jr. visited Frank and Dot Curtis on Sunday.

Eva Felton, Kathy Curtis visited Lucy Bragg, Friday.

tators, and safety crews as they dealt with river bends and ice jams along the route. At Carl Nowlin's field more hands helped beach the boats as the racers strapped on snowshoes for the half-mile dash through Ed Daye's woodlot, across the road, and up an ice-crusting hill to the finish at the Touring Center.

Great cheers greeted Roger Smith of East Bethel who was first to cross the finish line with a total elapsed time of 46 minutes 15 seconds. Close behind Roger were Mike Kelly of Albany (46:54) and Eugene Kelly (46:58) followed by Tim Carter of East Bethel (47:48); Sonny Hastings, East Bethel (47:48); Ron Savage, Woodstock (48:15); Paul McGuire, Bethel (48:33); Lawrence Smith, East Bethel (50:00); John Gasser, Bethel (50:11); and Jeff Kuller, Ferrisburg, Vt., and David Walker, Jericho, Vt. (both at 50:10). All racers managed to survive the course and struggle up the final hill to the finish.

When the results were in the Kelly boys—Gene and Mike—were the winners of the men's class trophy. They also won the honor of being the first team to have their names engraved on the Pole, Paddle and Paw Cup donated by Hastings Racing Stables. Winners of the mixed class trophy were the Hastings themselves—Sonny and daughter, Julie. The women's class winners were Karen Disco, Keene, N. H., and Tulle Frazer of Charlotte, Vt., both Outhward Bound instructors.

Other teams in order of finish were: Men's Class—Roger Smith/Ron Savage, Tim Carter/Paul McGuire, Jeff Kuller/David Walker, John Gasser/Dick Hoisington, Lawrence Smith/Jon Owen, Alan Korhonen/Andy Chase, Ron Roberts/Allen Soule, Charles Mason/Ken Lynch, Jim Hudson/Larry Hudson, Rick Tyler / Ken Cole, Doug Ferguson/Mike Milligan, Bart Bailey/Frank Julian, Mark Bancroft/Al Bancroft, Mixed Class—Sherry Akers/Terry Cummings, Carolyn Cousins / Hans-Peter Krahn, Jeff Parsons/Patti Parsons, Renee Shattuck/Tim Cormier. At the next meeting of the Woodstock Historical Society at 7 p. m., April 10, at the Elementary School Bob and Jane Grover of Bethel will offer a program on stained glass. The Grovers have exhibited their work extensively throughout the area, and it is much admired, so society members can look forward to an informative and entertaining evening.

Also on the agenda are plans for the Senior Citizens' dinner, a salad luncheon and printing of greeting cards. A brief lecture on the history of the mills will be presented by Ruby Emery. Many new books on arts and crafts are now available, so plan to attend the meeting and take advantage of the Society's resources and offerings.

1982 TELSTAR BASEBALL TEAM BEGINS PRACTICE

Head baseball coach Peter Brown, and asst. baseball coach Levi Brown welcomed 33 high school baseball hopefuls as the Rebels began work toward another baseball season at Telstar. During the first two weeks of practice, all boys are getting their arms and legs ready for the opening game of the season on April 26, at Berlin, N. H. The coaching staff put the boys through their paces at the field house at Gould Academy and at the high school gym. This year's pitching staff is being looked upon to help lead the Rebels back to the Class C Tournament. The staff, which includes seniors Andy Chase, Ron Lizotte, Rocky Myers; juniors Jeff Morgan, Alan Merrill, Greg Bennett; sophomores Bobby Myers, Brian Whitman, and freshmen Shawn Smith, Ken Whitney, and Brandon Salway, are working under the disciplined eyes of Coach Levi Brown. Although the staff is young, a great improvement can be expected this year.

ther, a good time was had by contestants and spectators alike. Everyone agreed that the April Fool's Pole, Paddle and Paw Race is a great way to end winter and begin spring.

M. S. A. D. #44 Superintendent's Newsletter

Dr. Wayne F. Gersen

At their meeting on Monday, March 29, the Board of Directors of S.A.D. 44 approved the Planning Workbook for the proposed elementary school in Woodstock. This workbook is forwarded to the State Department for their review and sent to the architect so that he can begin developing designs for the school building. The workbook included sections on Educational Philosophy; local Board policy; the proposed program for the building; pupil population projections; a detailed list of space needs; a guide to relationships between instructional and non-instructional spaces; the District's bonding capacity; and, anticipated additional annual costs that will result from the building.

The section of the workbook that offers the greatest insight into the nature of the new building is the area devoted to space needs. This section was the focus of the Building Advisory Committee's efforts, and gives a brief description of each of the areas of the building. The list of space needs for instructional and non-instructional areas follows:

Instructional Space

The Kindergarten classroom will have: transitional home-like atmosphere; a location separate from upper grade classrooms; its own toilet; its own outdoor exit; an open feeling to the space; lots of storage; and a sink in the classroom.

The Primary classrooms will have: many small tables for group work; access to sinks; good acoustics; special consideration for coat and boot storage; an area of the building separate from the intermediate grade rooms; and ample electrical outlets.

The Intermediate (4-6) classrooms will have: access to a sink; more blackboard space than primary classrooms; ample electrical outlets; and one room with a Science laboratory bench and storage. Special Education classrooms will have: a location that is accessible to all classrooms and bathrooms; movable furniture and partitions; adequately sized classroom space; and a location that ensures minimum distractions.

Library shall have: a central location; a quiet location; a carpeted floor; many electrical outlets;

a location integrated with the reception area; a focus on learning fundamental library skills; with enough space for 10 to 15 students to work.

The Multi-Purpose Room shall have: performing area provided; rugged ceilings; easy maintenance; stacking chairs and folding tables; satellite kitchen facilities with a serving area only; good acoustics; and adequate storage room for physical education equipment and chairs.

Non-Instructional Space

The office area will have: a provision for conference area; a space for storage of first aid equipment, and a sick bay for students experiencing illness; a location near the main entrance; a location near the teachers work area; and a pleasant reception area.

Teachers Work Area will have: adequate work space and a location that ensures minimal interruptions and distractions.

The bathrooms will have a location that is accessible to all classrooms and separate kindergarten facilities.

The Boiler Room area will have: a location separate from the balance of the building; maximum use of adjacent space for storage; and room for solid fuel heating unit.

The Playground area will have:

trees adjacent to the playground area; minimal amount of driveway space; location at the back of the school away from traffic; separate playgrounds for different age levels; grassy ballgame area as well as smaller "alone" spaces; climbing equipment and a layout that is easy to supervise.

Now that the educational specifications have been developed and approved, the next step in the process of design is the identification of a building site. School Board members welcome any thoughts you may have regarding the location of the proposed elementary school in Woodstock.

This is a lovely spring morning but a little breeze is stirring. The snow has settled lots in the past week. The heavy rain all day Friday was a big help.

The fried clam supper at West Paris was a huge success. One hundred and fifty were served.

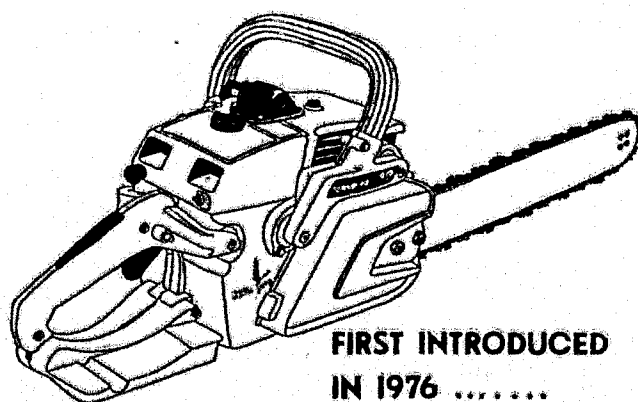

Callers at Lawrences: Mr. and Mrs. Albert Downing, Mr. and Mrs. Albert Penley Sr., and grandson, Dougie, Lloyd Humbley, Joe and Evaline Vatcher, Mr. and Mrs. and Mrs. Eddie Heikkinen. Jennie Millett had lunch on Thursday with her Aunt Doris.

Evaline rode down to the grocery store last Thursday and came right back home and have been sick ever since. I am going to sit on the shelf and have a fence put around it, then maybe I'll be O.K. Doris and Root Lawrence went to North Waterford to a shower for Mrs. Maureen Heath Sunday in the Church Vestry. After the shower the men folks gathered for a lunch, Evaline and Joe Vatcher were unable to go as both were sick.

If I ever get over my cold, I'm going to make a monkey bread and call on Eva Yates. If she doesn't like it, I will treat her somehow. Knowing Eva, she will like anything, especially all the calories.

Sunday River

Jeannine Fleet, Corres. —

Mrs. Katie Scott has retired and
moved back to Maine. Right now
she is staying with Frances Gun-
ther in Bethel but later they will
be moving to their old home place
on Sunday River.

Had a very good turn out for the
pole, paddle and paw race. There
were 21 teams entered in the race.
Everyone finished the race and
only one got real wet. Everyone
had a real good time even though
it was real cold.

Miss Peggy Morin of New Glou-
cester spent the week end with
her mother, Mary Morin.

Mrs. Nancy Kimball and girls
called on Mary Morin Sunday.

I have had a couple of phoebes,
juncos and sparrows here at the
feeder this past week.

Sent in by Eva Yates:

A nice Monday morning and
much warmer than the past three
days so it seems more like spring.
The snow is leaving us slowly and
I for one don't feel bad. The Go-
Shoes are on the hook resting.

They went to Lewiston yesterday
along with Peggy Blake and Joe
to visit the accident victims of a
week ago. Mrs. Woolf goes to the
doctor Tuesday for a check up
and removal of the stitches in her
head—her hurt knee is better.

While Viva is still black and blue
and purple badly swelled person.
Her left side took a terrible beat-
ing—two broken ribs are still pain-
ful and her arm's still in a sling.

Not broken but so badly bruised.
Bo the Parakeet was not hurt and
he rode in the ambulance and sat
in the waiting room at the hospi-
tal for some time. He is a bird
that has traveled by car, by plane
from Florida to Maine, and been
in a car accident that his cage can
prove but Bo is O.K. and talks
people talk.

The rain Friday brought the wa-
ter up some but not enough for a
flood for which we are all glad.

Mr. and Mrs. Bernard Hutchins
spent Saturday evening with her
mother Eva and brother Joe
Yates.

Mr. and Mrs. Harry Buswell
called on Joe Yates one day this
past week.

Pomona Grange meets at South
Waterford April 6 at Bear Moun-
tain Grange. There is a supper be-
fore the meeting.

We tried the Monkey Bread Eve-
line and it's most as the little
boy said "de-wish-us". It's more
cake than bread but it is yummy!!
I expect there was a crowd at

the "Pole, Paddle and Paw" meet-
ing yesterday, but I was not there.
Peggy Blake was in Rumford
shopping one day this week.

There is always a surprise
ahead so don't pack your red

GILEAD VOTERS HELD TOWN MEETING MARCH 27

Nearly two-thirds of the voters of Gilead spent last Saturday evening at their annual business meeting.

The warrant article generating the most discussion was one which directed selectmen to obtain all supplies, services and carpentry work locally, if possible, before searching for the "best buy" out of town.

The 7 p. m. session began with the election of Cynthia Mason as moderator and Mildred McLain as town clerk and registrar of voters, positions she has held for over 20 years. Mrs. McLain had no opposition.

Joel Carter, incumbent first selectman, was re-elected to that post with no opposition. In the race for the second selectman's position, Fernand Corriveau won over incumbent Jim Monahan by a vote of 34 to 28. The third seat was won by Robert Taylor by a slim three-vote margin, 35 to 32, over Monahan.

Harry Taylor, who serves as road commissioner, was re-elected to that position in a three-way race. Taylor received 40 votes to Frank Murphy's 18 and Danny Cole's nine.

Lillian Moulton, who replaced Lois McGurn two months ago on the school committee, was elected over Jean Corriveau, 39 to 28, to retain her seat.

Linsley Chapman was re-elected as tax collector and treasurer, positions she has held since 1975, without opposition. She stated that Saturday's two hour session drew a record number of voters.

Salaries were set at \$1,400 for first selectman, \$800 for second selectman, \$600 for third selectman, \$425 for treasurer, \$425 for tax collector, and \$400 for town clerk.

Appropriations were as follows: Public ways, \$9,500; insurance, \$4,500; support of poor, \$200; cemeteries, \$500; street lights, \$1,100; ambulance service, \$541; Oxford County Community Services, \$79.35; Western Maine Transportation, \$72; Androscoggin Home Health Services, \$96; Channel 10, \$100; Western Older Citizens Council, \$90; map revisions, \$300; fire department, \$500; dump, \$2,500; interest, \$2,000; new town truck, \$8,000. Total appropriations were \$43,138.35.

The meeting adjourned until June 5 when voters will act on the school budget.

Rumford Community Hospital Auxiliary will hold a Membership Tea, Tuesday, April 13, from 2-5 p. m. at the Cascade Gallery, Congress Street, Rumford. All interested persons are welcome to attend.

POLICE ALERT PUBLIC OF COMING BICYCLE INFLUX

The state police advice motorists that springtime means an influx of bicyclists on Maine roads.

"We should remember that three-fourths of bicycle accidents involve children and are the result of loss of control of the bicycle, mechanical failure, or entanglement of body and bicycle," said Col. Allan H. Weeks, chief of the Maine State Police.

Maine law requires bicyclists to stay as far as practicable to the right side of the roadway, unless modified by local ordinance. No bicycle can carry more persons at one time than the number for which it was designed. Also no bicyclist should attach him/herself to any other moving vehicle.

"If you ride a bicycle, the state police remind you to stay alert for motor vehicles that you can share the road with—and ride single file; and, if you're a motorist, we remind you that youngsters on bicycles sometimes make unexpected moves," said Weeks.

Ain't It the Truth!

W. MAINE INDUSTRIAL MANAGEMENT CLUB TO AWARD TWO SCHOLARSHIPS

In the spring of 1982, the Western Maine Industrial Management Club will award scholarships to two deserving students who have demonstrated outstanding ability and the potential to attend a vocational school, college or university of their choice. These scholarships will consist of two cash awards of \$500 each, to be paid by the Club to the college or university upon completion of the first term to cover all or part of the tuition expense for that term.

The purpose of these scholarships is three fold: (1) to provide incentive and assistance for qualified students to pursue higher education; (2) to provide well-trained technical and managerial personnel to work for member companies (not a requisite or condition of acceptance); (3) to promote the development of competent people to assume the responsibilities of leadership in their chosen field.

To be eligible to participate: 1. The student must be a son or daughter of an employee of a member company; 2. The applicants must have maintained a scholastic standing in the upper half of their class and be able to meet entrance requirements for the schools chosen.

The decision on awarding of the scholarship will be made by a committee consisting of representatives from member companies and will be based on the following factors: 1. High school record—scholastic and extra-curricular; 2. Financial need; 3. Personal qualifications—ambitions, moral character, seriousness of intent, overall impression.

Applications may be obtained at the offices of school guidance counselors who shall return them to either: Bob Betz, Elco Wood Products, 875-2301, or George Gould, Hanover Dowel Company, 824-2191; not later than April 23, 1982. Announcement of the scholarships will be made at, or before, the graduation of the recipient.

Application forms have been given to Rumford High School, Mexico High School, Dirigo High School, Telstar and Oxford Hills. If you have a son or daughter in another high school and would like a set of application forms, contact Isabel Comer, Boise Cascade Paper Group, Rumford Maine 04276.

BETHEL FIRE DEPARTMENT HOLDS TRAINING MEETING

A training meeting of the Bethel Fire Department was held Monday, March 22, at 6 p. m. Twelve members were in attendance.

First attack procedures were reviewed and discussed at length. Another matter of concern was discussed, that item being the need to thank non-members for participating at fires. The concern arises from the fact that sometimes non-members act without member direction and either put themselves in dangerous situations, or attempt to use or operate equipment in a counter-productive manner.

All members agreed that non-member help was more than welcome, when those people were careful to find out where they could be of the most help.

The Canadian collections of the University of Maine at Orono's Fogler Library have been augmented by several substantial additions in 1981, three of them made possible through grants from the Canadian government. The Canadian-American Center at UMO is also a beneficiary of these additions because of its role as a National Resource Center. One of the goals embodied in that designation is development of the center's library holdings. The library is seeking subscriptions to a major microfiche series which will eventually cover all Canadian publications before the 20th century.
